SWIMMING POOL SAFETY STATEMENT

A portion of each foster or adoptive home assessment addresses “health and safety” issues for children placed in the home each year. By law, pools must be fenced with a locked gate or fence to prevent unsupervised access. In addition, the pool must meet all applicable community ordinances.

Please complete the following statement, which will become a part of your home study.

_____ I/We do not have a swimming pool

_____ I/We do have a swimming pool.

_____ The swimming pool is safeguarded from children by the following means:

On the home visit, the social worker must observe the swimming pool safeguarded methods.
